## **JO CONSULTING: GRANT AWARD IN CATANIA SINCE 1998**

JO Consulting S.r.l. started its activity in 1998.

Its core business falls into grant award, both through financial resources provided directly by the European Commission, and applying to the Structural Funds managed at National and Regional level.

It works in a European network with public and private research centres, companies and public administrations, many times as coordinator of projects with an international relevance, creating value in a win-win logic.

## JO CONSULTING: GRANT AWARD IN CATANIA AND IN ITALY

JO Consulting helps companies and bodies in the research and activation of grant awards in favour of initiatives in different sectors. In particular, its activities include the following stages:

- animation of the business environment and raising awareness about the existing incentives;
- company check-up, scouting of the grant, best practices analysis and evaluation of the financial coverage for the realization of the investment project;
- investigation, economic and financial planning, design and drafting of the business plan, submission of the project;
- follow up of the grant award request and support in the launch of the project and in the management of the relations with central and local Authorities;
- assistance in the phase of reporting of the expenditures and specialized support during the inspections conducted by competent Agencies.

## **JO CONSULTING IS EUROPEAN PROJECTS MANAGEMENT**

The European project activity relies on call for proposals managed by the European Commission. In particular, this activity is developed in the following stages:

- identification of the several EU programmes, analysis of the eligibility and financing rules;
- development of international relations for the creation of transnational partnerships and partner search, thanks also to a network of European Universities and SMEs;
- drafting of the project in English, definition of the work plan and the related budget, submission of the proposal to the competent Community bodies;
- management and coordination of the funded projects during all the implementation stages;
- monitoring and reporting of the incurred expenditures;
- preparation of the reports to be submitted to the competent Community bodies for the official evaluation of the project's Outputs.
